

# PATHMASTER

## Problem:

Game Masters lack comprehensive tools to assist in the creation and running of story modules for Paizo's Pathfinder 2<sup>nd</sup> Edition

## Solution:

A Web-Based Platform that help facilitate the activities of this underserved role in the Pathfinder community

## Register and Log in

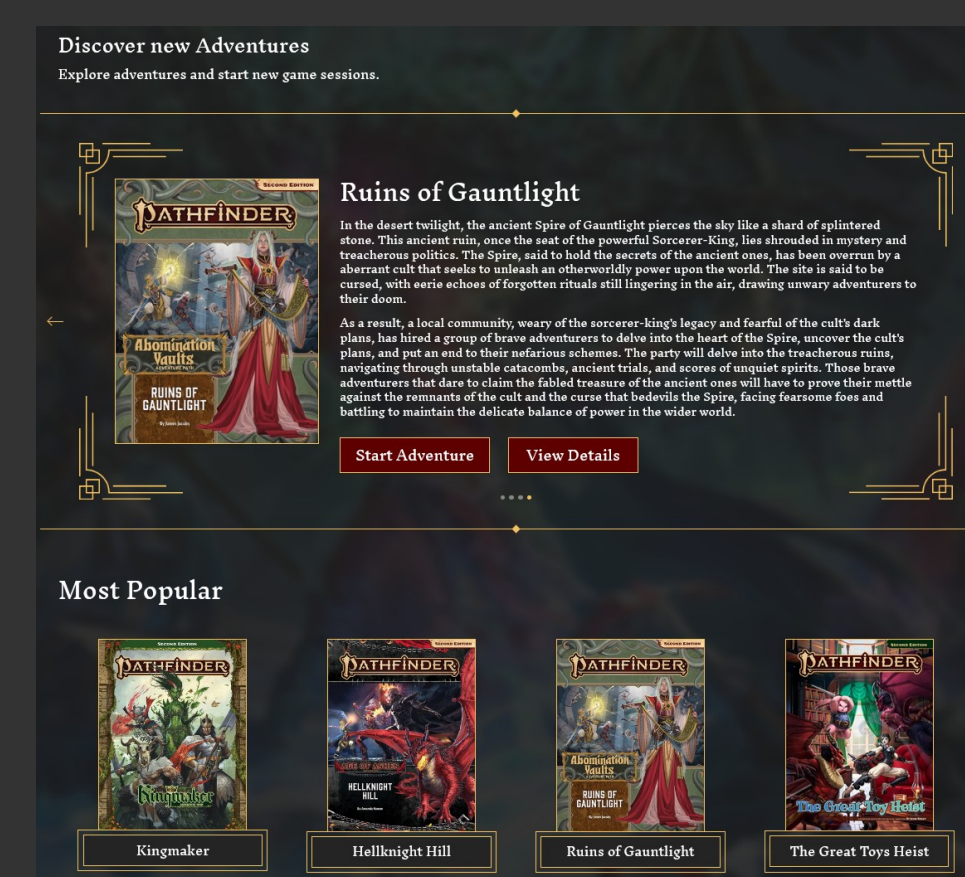

## Ask about Pathfinder 2<sup>nd</sup> Edition

Find more detailed info about Pathfinder from an AI assistant

## Browse Existing Modules

View both Official and User created Modules

## Create Your Own Module

Add and customize:

- Backstory
- Quests
- NPCs
- Creatures
- Items

Share it with others

## Skills Exercised:

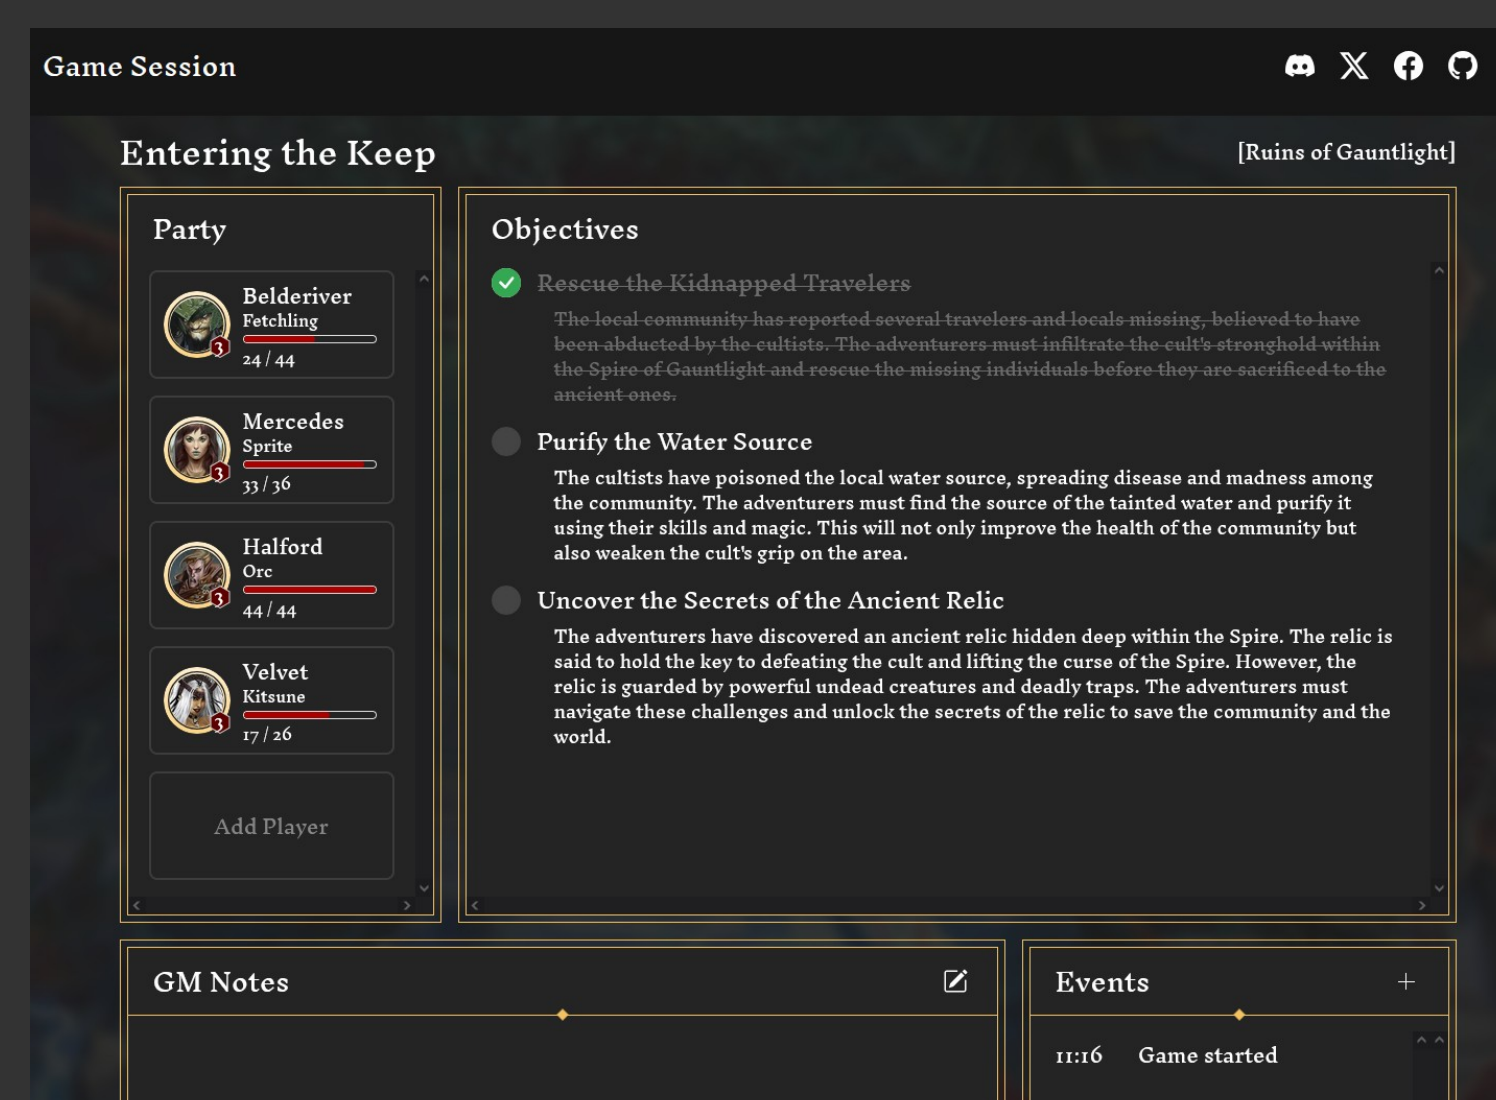

- Typescript
- Agile
- Web Development
- Serverless Development
- CI/CD
- Code Review
- Kanban
- User Centered Design
- Code Minification
- Caching Strategies

## User Manual

## Start an Active Game Session

- Track Active Quests and Key Items
- Timestamped Events
- Record Notes on Session and NPCs

## Created Using:

TypeScript

NEXT.js
